*"Aside from taste,
we are influenced by
aesthetics."*

As a chef or restaurateur, you take pride in crafting unique dishes that reflect your personality and style. The presentation of your culinary creations says as much about you as the food itself. At Costa Nova, we understand this and take pride in curating tabletop collections that are as unique as they are beautiful and functional. Our collections are designed for restaurants that appreciate innovative tabletop solutions.

Our European handcrafted stoneware products combine enticing design, functionality, and durability to make COSTA NOVA a unique brand in the hospitality industry.

coastland
carsten gollnick

“Coastland collection was inspired by the aesthetics of landscapes between sea and land. The material aesthetic responds to the material beauty of the coasts, beaches, and dune landscapes. The magical area in between, full of soft natural colors, nuances, and strong contrasts. Between the vastness of the sky above the sea and the intense beauty of the hinterland.

An imaginary walk from the sea to the land...

The products in the collection are all very precisely coordinated, resulting in very useful and creative combinations for the professional. Tall plates become lids and vice versa. Wooden cutting boards become wooden plates and at the same time lids for bowls and dishes. Flat plates in combination with matching wooden plates become new presentation objects for dishes of the casual dining world. From the multitude of combinations, new themes and food creations can be created, such as bento concepts, aperitif stagings, relaxed brunch stories, and new sharing concepts, to name just a few. Coastland tells sustainable and material aesthetic stories on the table in a variety of ways.” - Carsten Gollnick

FONTANA

With organic shapes and a clean white palette, the Fontana collection was inspired by Italian gatherings at the table. The beautiful handmade rim and the high-resistant white glaze of Fontana shines and sparkles under the sun, making it the perfect transitional collection for indoor and outdoor restaurant spaces.

LATTE BOWLS

Inspired by the ocean waves, Grespresso and Latte Bowls collections illustrate the push and pull of the tide along the shore. Our collection of vibrantly glazed bowls makes a joyful addition to any table or countertop. Perfect in shape and size for multiple purposes - açai bowls, smoothie bowls, ice-creams, and more.

The beautiful Grespresso collection allows a broad range of applications, from coffee cups to miniatures or as decorative items. Available in both espresso and lungo cups, Grespresso is so much more than a coffee cup!

PEARL

The Pearl collection was inspired by the richness of the 18th and 19th century European ceramics. Round shapes with highly resistant beads were reinvented to create a new classic concept, that is, at the same time very contemporary and versatile. The combination of Pearl items creates a sophisticated buffet staging. Its dinnerware impacts purely by its appearance, but it is also its global outstanding performance that should be highlighted.

Torres Euracini

A collection that breathes the contemporaneity
of the senses.

Inspired by modern cosmopolitan culture, pure and minimalist structures, contemporary rationality of the senses is manifested in the functionality and refined beauty of the collection, enhancing the appreciation for global cuisine.

Redonda is a complete collection of shapes and colors made of the best and most resistant stoneware from the western coast of Europe, cylindrical stackable structures suitable for gastronomic experiences, with high resistance and performance values, and touches of elements in genuine and natural cork.

Redonda's aesthetic approach offers a great number of combinations with safety and sustainability, to involve the best condiments of all seasons, into creations of knowledge and good taste. Redonda is a multifaceted collection prepared to accommodate fish and seafood, meat and vegetables... enabling the excellence of plating that will elevate the flavors and art of great chefs.

Redonda was created by Torres Euracini, Portuguese designer, born near the Atlantic, with decades of expertise in the ceramic industry and with numerous achievements (mostly anonymously) accomplished throughout the world.

VERMONT

Mixing the identities of handicraft and urban cosmopolitan created the Vermont collection. Pure geometry distinguishes its young contemporary look from others and gives the collection an undeniable versatility. A robust look, with strong edges for a perfect resistance to impact, makes this collection the perfect choice for busy environments.

LEATHER & DENIM

Carefully handcrafted in Portugal by leather artisans, our new collection of leather trays was designed with sophistication in mind. All the pieces are vegetable-tanned, one of the oldest and environmentally-friendly methods of leather tanning.

Placemats are a great background for almost every table setting. Both stylish and versatile, the CLUB collection adds instant polish and warmth to the table - whether the style or the occasion.

SUSTAINABLE CHOICE

At COSTA NOVA we create unique and sustainable stoneware collections made from the best local clays. We pair them with thoughtful collections of flatware, glassware, table linens and other natural materials such as cork, wood and leather, manufactured in Europe with the best expertise and resources. Our choice of materials translates our commitment and aesthetics on bringing unique and elegant alternatives to the table and to the home, while respecting Nature.

Fine stoneware

Using the best natural resources in Portugal, COSTA NOVA products are manufactured in a single-firing system heated up to 1180°C (2160°F) which creates a unique ceramic body with a special bonding between the clay and the glazed surface. An original formula that makes our stoneware more durable and resistant to both thermal and mechanical shocks.

Eco Gres® - recycled stoneware

Eco Gres® is a registered trademark of Grestel. Products under this label are guaranteed to be made of non-hazardous recycled materials, derived from ceramic surplus and other additives. A new raw material. Completely eco-friendly.

Authenticity / Craftsmanship

Our stoneware collections are made by the hands of skilled artisans in the ceramic craftsmanship, one of the oldest traditions in our country. Each one of our pieces tell a story of labor and love. They are truly unique.

Sustainable ceramics. Sustainable industry.

We commit ourselves daily to protect the environment, avoiding unnecessary harm through the resources we use and the products we manufacture. Our products are made from the best natural resources in Portugal at one of the most environmentally-friendly facilities in Europe. They are eco-friendly, reusable and recyclable.

Ethical business. Social commitment.

Building social good is in the foundation of our business. We make it our mission to commit to ethical business practices and high standards for human rights.

USE & CARE

FINE STONEWARE

Not all stoneware is created equally. In fact, there is not a standard, universal definition of stoneware and the word is frequently misused to describe other ceramic products.

At our factories in Portugal, the ancient skills of modeling and decorating are combined with modern technology in a special process that produces high-quality fine stoneware products capable of withstanding everyday use over many years. Manufactured in a single firing system heated up to 1180 °C (2160 °F) our stoneware is very strong and durable. Its glazed surface is fully vitrified which gives it high resistance to both thermal and mechanical shocks.

OVEN, FREEZER AND MICROWAVE SAFE

All pieces manufactured in fine stoneware have high thermal shock resistance, withstanding temperature variations between -20 °C and 250 °C (0 °F to 500 °F). The maximum thermal variation advised is 180 °C (350 °F). All stoneware products can be safely used in the oven, microwave, and freezer. As a precaution, you should avoid placing pieces straight from the oven on a cold surface. Do not use it over a direct flame. Avoid the use of products with craquelée surfaces such as Elements (Algarve and Lomo), Lisboa, Madeira, and Riviera in the oven and freezer.

DISHWASHER SAFE

All our pieces are easy to wash and clean and abrasive cleaners can be used without the risk of damaging the surface due to their high durability and low porosity. Most items can be washed daily in the dishwasher. To ensure the items last longer we advise you to make sure that no item rubs or bumps against another during the wash cycle, preventing damage. As a precaution, we recommend you wash oversized items and more delicate pieces by hand.

FOOD SAFE

All COSTA NOVA products meet the standards established by International Standards including the US Food and Drug Administration (FDA) concerning to lead and cadmium. They are food safe.

CRAFTSMANSHIP

All COSTA NOVA fine stoneware products are hand-finished which provides them unique character. Any irregularities, color variations, or small imperfections should be considered defects, but unique marks of authenticity.

ACCESSORIES

Flatware

Made from high-quality stainless steel (18/10), all our flatware collections are crafted for exceptional durability and sustainable for everyday use. To maintain the original qualities we advise some extra care:

- Remove all the residues after each use, in order to avoid prolonged contact with cutlery pieces;
- For manual washing use hot water, a neutral detergent, and a soft cloth/ sponge;
- Do not use abrasive or mechanical aggressive agents;
- Cutlery should be placed in the dishwasher's basket or tray; knives separate from other cutlery;

- After each dishwasher cycle, it is highly recommended that cutlery must be removed from the basket and well dried with a soft cloth;

- There should be special care with the knives and the blade of hollow handle knives, due to their extra sharpness. As they are more susceptible to oxidization, they should be carefully dried after each wash.

- In order to recuperate the original shine and remove lasting stains from a lesser quality washing, a soft cloth with drops of lemon juice can be used;

- Special materials and/or special finishings, as Fibber/Resin or PVD must be washed only in dishwasher, following the instructions upon described and also temperature not higher than 60°C / 140°F and detergent with less than 10% of phosphates.

- Do not keep COSTA NOVA flatware in humid places;

- You can rehydrate the resin handles with some rich moisture cream.

- All PVD finished flatware will withstand 500 washing cycles without compromising quality

Steak/cheese knives

Dishwashing is not recommended on knives with a wood handle. Wash after each use with a non-abrasive sponge. Dry with a soft towel to avoid corrosion and spots.

Glassware

Made in Europe, our glassware collections are either made of pressed-glass, our machine-blown glass using semi-manual methods. Wine glasses, water glasses and tumblers can be safely used in the dishwasher. However, hand washing will prolong the life of the products. To maintain the original qualities we advise some extra care:

- Before placing glasses in the dishwasher it is advisable to rinse them in lukewarm water to eliminate any residues;

- Washing glassware by hand: handwash glasses individually with a non-abrasive detergent, warm water, and a soft sponge or cloth;

- In the dishwasher: place glasses in the appropriate rack to avoid scratches. The washing temperature for the dishwasher should be 65 °C (140 °F) with a rinsing phase at 65 °C (149 °F) and a washing cycle of approximately 90/120 seconds. Carefully dose the brightener, an excess amount may cause iridescence on the glass surface, and a poor amount leaves water drop marks on the bowl. At the end of the washing program, open the door and leave it ajar for 5-10 minutes to vent steam and avoid the formation of halos on the glass due to condensation;

- Dry with a microfiber cloth;

- We recommend you wash the glass domes by hand, namely our bourdeaux/burgundy/ chardonay glasses, our decanters, glass domes, and all items from our recycled glass collection Tosca.

Table Linens

Made in Portugal from the best natural fibers, all our table linens collections are easy to use and maintain. They can be machine washed up an iron up according to the specifications of each fabric.

Cork & cork/recycled EVA

Our cork accessories are made 100% cork

(Nótos and Redonda collections) or 20% cork/80% recycled EVA (Plano collection).

Recycled EVA is a subproduct that comes from the waste of soles production and is reused for other purposes - recycled and eco-friendly.

For daily cleaning we recommend using a soft, dry cloth to remove impurities; when necessary you may use a moistened cloth. Do not soak. Store protected from sunlight, moisture, and heat sources. Avoid strong alkalis (it dissolves cork). Although food contact is safe, please avoid smoke odor and taste transfer. Do not place food directly.

Made in Portugal.

Leather

Handcrafted in Portugal, our leather accessories are vegetable-tanned, one of the oldest and environmentally-friendly methods of leather tanning. This process results in leather with unique features: handcrafted to age beautifully and made to last a lifetime.

Wipe clean with a damp cloth. For maintenance, occasionally rub appropriate oil.

Club placemats

Club placemats are made of phthalate-free vinyl. Wipe them with a damp cloth. When necessary you may use a mild soap. Do not put them in the dishwasher or immerse in water.

Wooden accessories

Our wooden accessories are handcrafted in Portugal from premium quality woods. Natural variations in the wood's tone and grain make each piece unique. Handwashing is highly recommended. Wipe the wood pieces with a damp cloth. Do not soak. You can use mild dish detergent when necessary. To maintain the original qualities of all pieces, occasionally rub them with food-safe mineral oil. Use the boards and boxes for dry food only. Each item will need re-treating over time with a food safe wood wax or oil to keep them looking their best. It is best to avoid using olive oil as it can go rancid. Walnut oil, flax seed, cocount oil and linseed oil are all good to use and are readily available. Never put wooden accessories in the dishwasher or leave soaking in water. If prolonged contact with water occurs the edges may go a little fuzzy when it is dry. Using the fine grit sandpaper lightly sand down until smooth and keep well moisturised with a wood oil or wax.

Other accessories

Our metallic accessories are made in Portugal in painted metal. When necessary we recommend to clean them with a moistened cloth.

Lagoa and Roda's tea pot infusers are made of 18/10 stainless steel. The fine mesh shape creates the ideal leaf free infusion.

This is a dishwasher safe item. However, hand washing is recommended. Rinse filter immediately after use to remove tea leaves, then wash as soon as possible after use. Do not use hard or improper cleaning agents. Dry immediately after washing and store in a dry environment.

Lagoa's tea pot handle are made of 18/10 stainless steel with a black finish.
